

We are the Computing Department!

Would you like to ask us a question?

Who are you and what do you do?

What is your favourite thing about working at PGS?

Can you tell us a fun fact about yourself please?

I am **Mr Teasdale** and my job at PGS is **Curriculum Area Leader: Computing**

Teaching incredible students who go above and beyond each day, surprising you with their resilience and positive attitude when faced with new challenges. A highlight is when students thank you for the lesson. #winning.

I have a bottom draw full of ties in my desk and I lived in Florence, Italy for a year as part of my university placement.

I am **Miss Cusworth** and my job at PGS is **Teacher of Computing**

Our core values mean our students approach learning how to use new technologies with confidence and enthusiasm. They show determination and resilience when solving computational problems and are incredibly supportive of each other, it is an absolute privilege to be a part of their education!

I love tech but I'm also very creative and make all of my own soaps and bath bombs, grow veg and love to sow!

I am **Mr Stones** and my job at PGS is **Teacher of PE, Maths and Computing**

The great and supportive community we have at Penistone. Both staff and students are friendly, and the school atmosphere make it a pleasure to teach here.

I once played in a football match that lasted 36 hours

I am **Miss Fitzpatrick** and my job at PGS is **Teacher of Computing**

How creative our students are! I am never bored at Penistone, as the staff are amazing at what they do, and students are supportive and resilient learners. I am incredibly lucky to be able to be a part of the journey our pupils make from Y7 to confident Y11s.

I love travelling abroad and have been to over 8 countries and 3 continents!
